Comment [SR1]:

7. COMPLAINTS PROCEDURE

7.1 Overview

This Complaints Procedure sets out the way that Students, Residents Staff and visitors can report Prohibited Conduct, and how the College will respond.

If a Complainant feels comfortable doing so, they can seek to address the Prohibited Conduct directly by advising the Respondent that their behaviour offensive, unwelcome, or unacceptable, and needs to stop immediately. Complainants and Reporters can also report Prohibited Conduct by making a Report to the College or an external body.

At any stage of the Complaints Procedure, or when a concern cannot be addressed using this Complaints Procedure, a College may consider and implement actions as necessary to address concerns regarding individuals' safety, wellbeing, or participation in work, study or College life.

7.2 Informal assistance

A person who considers that they have experienced in Prohibited Conduct under this Policy can seek advice or assistance from a Safe Contact Officer, Safe Coordinator or External Advisor who can provide information about:

- what is meant by Discrimination, Bullying, Victimisation, Vilification, Serious Misconduct and Criminal Behaviour prohibited under this Policy; and
- the options available to address the matter, including making a complaint to an external body.

7.3 Reporting to a College

Students, Residents, Staff and visitors are encouraged to report the Prohibited Conduct to the relevant College as soon as possible so that the College can:

- provide support and pastoral care, and
- take steps to prevent immediate or ongoing risks to the Complainant and others.

Reports of Prohibited Conduct should be made in writing to a Safe Coordinator, Safe Contact Person or Head of College.

There is no time limit for a Complainant to report Prohibited Conduct to the College under this Policy. However, a College's ability to effectively respond to, and prevent future incidents of, Prohibited Conduct may diminish over time.

7.4 Reporting to an External Body

Students, Residents, Staff and visitors may seek independent guidance from and/or make a Report about Prohibited Conduct with an external body at any time. Safe Coordinators and External Advisors can provide you with information on the most appropriate body to lodge your Report with.

Reports of Prohibited Conduct may be made to:

- Victoria Police: Melbourne North Police Station (open 24 hours), 36 Wreckyn Street, North Melbourne. Phone: (03) 8379 0800.
- Victoria Police Sexual Offences and Child Abuse Investigation Team: Phone (03) 8690 4056.
- Victorian Equal Opportunity and Human Rights Commission: <http://www.humanrightscommission.vic.gov.au/>. Phone: 1300 292 153.
- Australian Human Rights Commission: <https://www.humanrights.gov.au/>. Phone: (02) 9284 9600.
- Fair Work Commission, <https://www.fwc.gov.au/>. Phone: 1300 799 675.

Student and Staff Members of the University may also seek lodge a complaint under the University's policies and procedures if their concern relates to another Student or Staff Member of the University.

If a Student, Resident, visitor or Staff Member pursues a complaint with an external body, it may be appropriate for the College to suspend or terminate this Complaints Procedure. However, a College may still take steps to address and prevent Prohibited Conduct.

7.5 Responding to Prohibited Conduct

The Colleges aim to deal with Reports and disclosures as quickly as practicable and to achieve early resolution of complaints. Where possible, the Safe Contact Person, Safe Coordinator or Head of College will acknowledge receipt of the Report in writing within five (5) working days, offer support and explain the process.

The Safe Coordinator, Safe Contact Person and/or Head of College will take steps to ensure that ongoing support is provided to the Complainant (and any other affected parties), and that they are regularly informed about the College's response.

A College's response to a Report will be determined by a range of factors, including but not limited to:

- whether the Report is anonymous;
- the wishes of the Complainant;
- whether there is a serious or ongoing risk to the health, safety or wellbeing of any person;
- the seriousness of the Report and whether the behaviour is criminal in nature;
- procedural fairness to the Respondent;

- whether it is possible for the College to conduct an investigation based on the information available (e.g. whether the parties will participate in the investigation);
- whether the College has other information about the risks posed by the alleged Respondent.

None of these factors are determinative.

Without limiting the options available, a College may respond to a Report of Prohibited Conduct by:

- taking immediate steps to support and protect the parties, including:
 - providing referrals to medical or support services;
 - implementing safeguards to minimise the Complainant's contact with the alleged Respondent (such as restricting the Respondent's access to the Colleges' premises or property where there is an immediate threat to any person), suspending a person from the College and/or suspending a person from specified activities and/or positions of leadership;
 - relocating the Respondent (or the Complainant on the Complainant's request) from the College's accommodation;
 - providing assistance to make a police report;
 - supporting the Complainant to apply for a Personal Safety Intervention Order to prevent the Respondent's contact with the Complainant;
 - assisting the Complainant to apply for Special Consideration with the University of Melbourne;
 - reporting the matter to the police where there is a serious or ongoing risk to the health, safety or wellbeing of any person; and
 - providing Staff Members with access to the Employee Assistance Program;
- on request by a Complainant, engaging with the Respondent about the alleged Prohibited Conduct, reminding them of the College's policy, and taking steps to ensure that the alleged behaviour ceases and does not recur;
- facilitating a conciliation between the Complainant and Respondent in accordance with 7.7,
- conducting an investigation in line with 7.8;
- taking no action where there is insufficient evidence for the College to intervene or investigate, and the Complainant and/or Reporter does not agree to participate in an investigation.

If a College makes a report to the police because it considers that there is a serious or ongoing risk to the health, safety or wellbeing of any person, College will attempt to consult with the Complainant to ensure that they know when and why the police will be notified, and take all reasonable steps to support the Complainant through that process.

7.6 Reports involving multiple Colleges

Where a Report involves a Student, Resident, Staff Member or visitor from more than one College, the Safe Coordinator from each College will confer to determine how the Complaints Procedure will proceed. Generally, the College with the greatest degree of connection to the complaint will take responsibility for managing the complaint.

In some circumstances, it may be necessary to engage an external advisor or arbitrator to assist with resolving the complaint.

7.7 Conciliations

A conciliation is a process where a neutral third party attempts to assist the parties to resolve a complaint by mutual agreement.

A conciliation will only occur if:

- the Report is in writing;
- the Complainant is willing to be identified to the Respondent;
- both parties agree to the conciliation.

If the Safe Coordinator considers that a conciliation is appropriate, they will appoint an External Advisor to conduct the conciliation. The role of the conciliator is not to make a formal finding, but to assist the parties to reach a mutually agreed resolution.

The Respondent will be provided with details of the allegations and be provided with the opportunity to seek advice from a Safe Contact Person or External Advisor.

The conciliator will meet with the Complainant and Respondent together or separately. The conciliator will only arrange a joint meeting if the Complainant is comfortable with this.

Both parties may have a support person during the conciliation, but not a legal representative or advocate.

If the conciliation does not proceed or is unsuccessful, Safe Coordinator or External Advisor will refer the parties to their Safe Contact Person or External Advisor to discuss further options.

7.8 Investigations

Where the College receives a Report of Prohibited Conduct, it may be appropriate to conduct an investigation. An investigation involves collecting information about the allegations and making findings on whether the allegations are substantiated or unsubstantiated based on the balance of probabilities.

In general, the Complainant influences the progress of their complaint through the Complaints Procedure. However, in some circumstances, the seriousness of the allegations will mean that the College is under a legal obligation to investigate the allegations (e.g. to prevent serious risks to health and safety), irrespective of the wishes of the Complainant. For this reason, the College may initiate an investigation or progress an investigation without the involvement of the Complainant. Where appropriate, this may involve de-identifying details of the Complainant.

A request for an investigation can be made in writing to the Safe Coordinator or Head of College (or to the Chair of the College Council in the case of a complaint about the Head of College). The request should include details of the incident(s) and any supporting information.

If the Safe Coordinator, Head of College or Chair of the College Council considers that an investigation is appropriate, they may appoint an investigator to conduct the investigation.

The investigation will be conducted in a manner that the Head of College or Chair of College Council considers appropriate. If a College considers it appropriate for the safe and efficient conduct of an investigation, it may:

- direct a person not to carry out their duties or attend certain areas (including College events); and/or

- provide alternative duties, tasks or accommodation to a Respondent (or a Complainant on the Complainant's request).

On completion of an investigation, the College will notify the Complainant and Respondent of the findings and outcome of the investigation in writing.

7.9 Possible outcomes

A College will determine the most appropriate way to respond to a Report or disclosure. Possible outcomes include, but are not limited to:

- Disciplinary action against the Respondent (including the cessation of their engagement etc);
- Official warnings that are noted on the Respondent's file;
- Imposing restrictions on the Respondent's participation in the Colleges' activities (including Alumni events held off campus) and contact with the Complainant;
- Reports to College Alumni groups about restrictions on a Respondent's participation in College-affiliated events;
- Counselling for the Complainant, Respondent and/or Reporters;
- Terminating the Respondent's residence or relocating the Respondent;
- Mandatory training;
- A formal apology by the Respondent and/or bystanders;
- Seeking an undertaking from the Respondent that the behaviour will cease (where the Complainant simply wants the behaviour to stop and removal or termination is not appropriate);
- Conciliation/mediation conducted by an impartial third party (where requested by the Complainant and both parties agree to participate);
- Reports to external authorities (e.g. police where there is an immediate or ongoing risk to the health, safety or wellbeing of any person); and/or
- Supporting the Complainant to apply for a Personal Safety Intervention Order to protect the Complainant and prevent the Respondent's access to College activities.

7.10 Withdrawing a complaint

Where a Complainant chooses to withdraw their complaint or does not wish to participate in an investigation, the College:

- will retain the details of the complaint in accordance with clause 7.14 of this Policy;
- notify the Complainant of any proposed action against the alleged Respondent;
- offer the Complainant ongoing support; and
- confirm the above in writing to the Complainant.

A Complainant who has withdrawn their complaint may ask the College to reinstate the complaint at any time.

7.11 Reports about the Safe Coordinator or Head of College

Where a Report concerns the Safe Coordinator, the Head of College will act as the Safe Coordinator for the purpose of this Policy and assume the role and responsibilities of the Safe Coordinator.

Where there are complaints about the Head of College, the Chair of the College Council will act as Safe Coordinator for the purpose of this Policy and assume the role and responsibilities of the Safe Coordinator.

The Safe Coordinator will not deal with complaints about their own behaviour or the Head of College.

7.12 Procedural Fairness

The principles of procedural fairness apply to the complaints procedure. Generally, this means that:

- the Colleges will not make a decision that could adversely affect either party unless it has given that party an opportunity to respond;
- the decision-maker will not be biased towards a party or have a separate interest in the complaint.

7.13 Confidentiality and privacy

The Colleges aim to maintain the privacy and confidentiality of Complainants and Respondents. Only the Safe Coordinator, Safe Contact Person, Staff Members, External Advisers and/or Conciliators directly involved in advising on, conciliating, investigating or resolving the complaint will have access to material relating to a Report of Prohibited Conduct. However, the Safe Coordinator will keep the Head of College informed of the status and response to the Report.

A key principle of conciliations and investigations is maintaining a confidential process. A College may ask the parties to agree to maintain confidentiality during these processes. This is important to protect the reputation of the parties, minimise the potential for Victimisation, ensure that Students, Residents, Staff and visitors have the confidence to raise allegations, and ensure that witnesses have not had the chance to collaborate or influence each other's recollection, inadvertently or deliberately.

A confidentiality undertaking will not prevent:

- the Complainant from making a complaint to an external body, or
- any party from seeking advice and support from a professional advisor in relation to the allegations.

7.14 Record keeping

The Colleges will ensure that Reports of Prohibited Conduct are collected and stored confidentially in line with this Policy, including:

- details of the complaint / incident;
- steps taken to respond to the complaint / incident;
- support or assistance required or provided, i.e. whether the person received counselling from university services, whether they reported to police, whether they received support from an external provider;

- the College's response to the Report (including referrals to external bodies and support services); and
- any feedback provided by the Complainant / Respondent in relation to the process.

On request, the Colleges will provide the Complainant or Reporter with information on their Report of Prohibited Conduct.

7.15 False or misleading allegations

Deliberately making a false complaint under this Policy is a serious matter and is unacceptable. Where a College is satisfied, based on reasonable evidence, that a complaint is malicious, frivolous or vexatious, the Complainant or Reporter may face disciplinary action.

A Complainant or Reporter will not be sanctioned just because an investigation is inconclusive and the allegations cannot be substantiated. Disciplinary action will only arise where there is compelling evidence that a Report was false or misleading.

8. DISSEMINATION AND REVIEW

This Policy will be widely disseminated to all students, staff, residents and visitors via the Intercollegiate and individual College websites, during student and staff orientation, and through posters and other means of information. This Policy will be reviewed every two years (or more frequently, if required) by the Heads of Colleges.

The manager instead offers the course to another Staff Member, with similar experience and qualifications, who is not pregnant. However, several are unable to do so because it is a day of great religious significance to them. While the requirement (i.e. to attend on that particular day) applies equally to all Students and Staff, it may have a disproportionate impact on those of a particular religion (i.e. they cannot comply with the requirement and a higher proportion of people who are not of that religion can). If the condition is not reasonable in the circumstances, it may amount to indirect Discrimination against the Student and Staff Members on the basis of religion.
